

## A little bit about us...

Tailwaggers Learning Center O.T.C. of South Florida, Inc. is a non-profit corporation which has promoted obedience, rally, agility, pet therapy and tracking activities in Palm Beach county for over 20 years!! We are a group of dog lovers willing to teach you how to use love, praise and treats to transform your dog into an enjoyable companion or a great performance partner.

Aside from our classes, our club also offers seminars and agility competitions. We also participate in agility demonstrations and offer lectures on various topics such as emergency first aid for your dog, nutrition and canine chiropractic medicine. Meetings are held on the fourth Monday of each month at 7:00 p.m. at Peggy Adams Animal Rescue League. Please go to our website for directions.

Our instructors are volunteers and professionals who dedicate time and efforts to teach these classes and employ the most up-to-date methods. We are always willing to help you and your dog in any way we can. If you need any additional information on these or any other topics... go to our website! We are more than happy to help you have a healthy relationship with your dog!!!

## A Word About Our Methods

Our instructors employ the most up to date motivational methods. This boils down to a lot of praise and treats. Harsh methods of training such as yelling or yanking on the leash are not tolerated. Because we make classes such fun, you will observe your dog's excitement each time he realizes you are preparing to attend class or practice at home. **We are called "Tailwaggers" for a very good reason!!!** Your dog will perform because it enjoys doing so and not out of fear.

Our volunteer instructors hold small classes: the use of instructor assistants at class means that you will receive individualized attention, while still receiving the benefit of group socialization.

**Does this sound too good to be true? It's not!! As our competing members have demonstrated in the show ring, dogs are capable of wagging their tail and winning at the same time!!**

## Obedience Classes

Whether your aim is just to have a better pet or a top obedience competitor, we can help.

This class is offered continuously and is designed to teach the basics, socialize your puppy and solve behavioral problems (such as chewing, housebreaking, barking and jumping). We'll provide you with useful life and money saving information, for instance, did you know that grapes and chocolate are poisonous to dogs? We'll help you handle any interesting habits your dog may have developed or those that remain from puppyhood. Your pup will learn to come when called, heel, sit, down and stay. We also offer AKC Canine Good Citizenship classes and testing. Classes are held indoors in AC or outdoors, depending on the season.

Competition style obedience classes with our instructors are offered periodically, as are seminars with some of the country's top handlers.

## Rally Classes

Rally is a great way to build a strong relationship with your dog through fun teamwork. You'll learn the different signs for each level and how to perform them correctly. These classes are held indoors or outdoors, depending on the season.

## Agility Classes

Dogs of all sizes and breeds (including mixed breeds) can do Agility. This sport helps dogs with endless energy exercise and use their mind. Dogs who are on the shy side will also benefit by having fun and building their confidence. Agility strengthens the bond and communication between handler and dog.

Our classes will start you off with a great foundation and take you to the highest levels of Agility. All our Instructors compete in the sport and have firsthand experience. Many have trained multiple dogs and achieved the highest titles awarded.

## Tracking

Want to learn more about the incredible things your dog can do with its nose?

Try tracking. It's a great sport that allows you to spend time with your dog in the great outdoors while marveling over the ability of your dog to follow a scent through the woods, over a road and sometimes even over water! This is a great sport for dogs of all ages and physical abilities. We also offer continuous tracking practice.
